IMPORTANT SAFETY INSTRUCTIONS

Instructions for all STAS picture hanging systems pertaining to a risk of injury to persons

- Keep perlon cords and steel cables out of reach of children.
- Indoor use only.
- Do not use in humid areas.
- Do not make adjustments to the system.
- Always choose screws and plugs that are specifically suited for the respective material.

Extra instructions for all STAS picture hanging systems with 12V system pertaining to a risk of fire, electric shock, exposure to excessive UV radiation, or injury to persons:

Caution: Before starting, turn off the power at the main circuit panel.

- Turn off the system/unplug and allow to cool before replacing the bulb.
- Bulb and enclosure gets hot quickly.
- Do not look directly at the lighted bulb.
- Keep hot bulb away from materials that may burn.
- Use only with a 20W or smaller bulb.
- Do not operate the unit with a missing or damaged bulb.
- Keep out of reach from children.
- Different materials require different types of fittings.
- Deviation from the assembly instructions may result in a risk of fire or electric shock.

Disclaimer

This manual has been put together with great care. Nevertheless, the manual may still contain type-setting and/or printing errors. Obviously, STAS accepts no liability for errors of this nature. In conjunction with its policy of continual product improvement, STAS reserves the right to implement changes to the range, models, colours, etc. as and when circumstances make this necessary. Correct installation of STAS hanging systems is of essential importance. The installer must assess the strength of the walls or ceilings in the locations where the hanging systems are to be fitted, and the expected loads, and take account of and observe all relevant local regulations and legislation. If necessary, the installer must use fasteners that are more suitable for the task. The installer always has final responsibility for correct fitting, assessment of the walls or ceilings and the choice of fasteners. Maximum weights are indicated in the catalogue. STAS refuses all liability for improper use (including but not limited to not following the Safety Instructions) or when the products are subjected to a higher load than that advised. STAS also refuses liability for direct, indirect or consequential damage arising from attachment to structures of insufficient strength, combination with systems other than STAS picture hanging systems or unauthorised combinations of STAS picture hanging systems.

Warranty

STAS picture hanging systems guarantees the quality of the supplied hanging systems and the quality of the materials used.

This warranty runs for a period of five (5) years from purchase of the hanging system and one (1) year for all STAS multirail 12V components.

Note: The following aspects are not covered under the terms of the warranty:

- defects arising which are attributable in whole or in part to:
 - a Incorrect installation or incorrect use of the system, other than mentioned in the manual
 - b Fitting/installation or repair by third parties (including the buyer)

Should you wish to claim under the warranty, please contact your dealer.

Please carefully retain your invoice with this warranty!

Your STAS dealer:

Important note regarding warranty and liability

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide. It is the responsibility of the installer to select the correct fasteners for the particular installation.

Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.
